Employment History

Corporate site design, darkoobsazeh, esfahan

June 2020 – July 2020

Designing a completely dedicated company website with coding according to the client.

Dual design and as my second project.

Corporate site design, figetel, yazd

January 2020 – February 2019

Designing a company site for a telecommunications company in Yazd remotely, designing according to the employer's taste. My first project in a few months entering the world of programming.

Personal site design, jahan mj, tehran

June 2021 – June 2021

Designing a personal site for a novice actor. As my easiest and simplest project. My third project for others.

Educational site design, be-programmer.ir, kordestan

January 2021 – February 2021

Designing an educational site by me for me. Teaching site design training courses without coding and computer skills. Comes with html and css markup languages. And thousands of other training courses.

Courses

web design, tehran university

November 2020 – December 2020

digital marketing, tehran university

November 2020 – December 2020

Internships

Content production, rayamarketing, tehran

January 2021 – Present

I have been working for Raya Marketing, a digital marketing agency, for several months due to the lack of a major job. I professionally and remotely produce SEO content for websites on specific topics.
